

ACCOMMODATION FOR THE UNIVERSITY OF LAW STUDENTS

We've arranged accommodation for our undergraduate students with some of the UK's leading student accommodation providers, to ensure you have a comfortable place to live while you're studying with us.

OUR ACCOMMODATION

We guarantee you an offer of accommodation in the first year of your LLB if you've accepted us as your firm choice and applied for accommodation by 31 March 2018. If you apply after this date we will provide support to help you find suitable accommodation but cannot guarantee this will be successful.

Accommodation is usually in flats shared with three, four or five other undergraduate students. You will each have your own fully-furnished bedroom with a study area and en-suite bathroom.

In most accommodation there's a shared kitchen/dining room and a separate television/lounge area. All locations are different, so some may also have extra areas available to residents, such as laundries or on-site gyms.

Security is taken seriously at our accommodation sites. Door entry and intercom systems restrict access and CCTV surveillance gives added protection. Most accommodation sites have dedicated management staff available on-site to help you.

As an indication, 2017/18 weekly rental costs are about £275 per week in London and £125 to £205 per week for centres outside London. For the most up to date information see our website:

Representatives from our nominated accommodation providers will often be available for you to speak to at our open days, where you'll be able to find out more information about living in student accommodation and arrange to tour the facilities.

STUDENT ACCOMMODATION SERVICE

In addition to the accommodation explained overleaf, we have a web based accommodation service to aid your property search:
lawstudentpad.co.uk

Studentpad provides helpful advice on choosing a suitable property and local information about things to see and do around your centre. The website is available in multiple languages to assist international students and includes useful web links and tips for living in the UK. When you have selected us as your first choice on UCAS, you will be provided with the password to search our property listings. Property listings will vary by centre but typically include student accommodation with private providers, private sector rentals from Estate Agents, and individual landlords and rooms with a landlord-lodger arrangement.

If you'd like to find other University of Law students to privately rent with, or you have a spare room in your house/flat share, why not join our Housemate Hub Facebook group to chat and make living arrangements with fellow students?

Find us on Facebook: Search for 'Official University of Law Group - Housemate Hub'.
